WORK EXPERIENCE

January 2025 – May 2025

Wesleyan University Hospital Philippines

Full Stack Developer Intern

- Merged the legacy patient database with the new system, ensuring data consistency and integrity across platforms.
- Designed and implemented secure RESTful APIs for smooth data exchange between frontend and backend.
- Used React's Context API to manage and share data like user sessions and patient records across components.
- Synchronized frontend UI with backend logic to enable real-time data updates and smooth user interaction.
- Wrote Cypress tests to automate and validate forms, workflows, and API responses for better reliability.
- Developed responsive and user-friendly interfaces using React and TailwindCSS for all user roles.

TECHNICAL SKILLS

Front-end: HTML/CSS, Bootstrap, TailwindCSS, React

Back-end: Node.Js, Express.js, MySQL, NoSQL, PHP
